

## THE DEAL SHEET

---

### **SNAP!**

Marc Margulies, principal at Margulies Perruzzi Architects was presented with the Boston chapter of the International Facility Management Association's President's award for his leadership in the organization and the industry. Marc helped found the Boston chapter in '85 and was its first president. His firm also hit a home run for Hobbs Brook Management with the office buildings at 175, 185 Wyamn St. in Waltham that they designed, and where a lease for 320k SF was recently signed. BTW ... MPA is also known for wonderful rooftop parties, weather permitting.
