

HMFH Architects Adds Eight

Cambridge, MA - HMFH Architects announced the hiring of eight new staff members. Together with new associates Matthew LaRue, AIA, and SeongnAhn, AIA, LEED AP, who were hired earlier this year, HMFH has added 10 architects and designers since the beginning of 2010.

Joining the firm are five registered architects:

Architect Lisa Boettger is a team architect on the Tahanto Regional MiddleHigh School project in Boylston as well as the Wayland High School project in Wayland.

Shaun Lynch is a project architect on the Foxborough Regional Charter School project in Foxborough.

Alan Pemstein, AIA is overseeing construction administration on the Hanover High School project in Hanover.

Shonali Rajani, AIA is a project architect for the Thompson Elementary School project in Arlington, and team architect for the Carlisle Elementary School consolidation planning study in Carlisle. Additionally, she is a team architect on the Wayland High School project as well as for the Newport Schools study in Newport, R.I.

Scott Ward is a team architect on HMFH's Wayland High School renovation and new construction project in Wayland.

HMFH also added three architectural designers:

Rejoining HMFH, designer Gary Brock is completing construction administration on the Boston Renaissance Charter Public School in Hyde Park.

Ania Matteson is a team member on the Tahanto Regional MiddleHigh School project in Boylston.

Jeffrey Mrock is currently working in the field as a construction administrator on the Wayland High School project.
